## **Thomas Sabo fundraising campaign with the RTL-Spendenmarathon**

Dear Mr Vitali Klitschko,

Seeing you recently in the news surrounding the deplorable war in Ukraine, I would like tell you personally how happy I am to have been able to shake the hand of one of the bravest men of our time at an event. I wish you, your brother, your unbelievably courageous president and the Ukrainian people all the strength in the world!

Together with our long-standing partner, RTL-Spendenmarathon, which is also already in close contact with your management, we have started a donation campaign to support the cause. My family and my company are kickstarting this campaign with a donation of 250,000€.

Yours sincerely,

Thomas Sabo  
Company Founder
